Career Objective

Aspiring Java Developer with a strong foundation in Java, Spring Boot, and MySQL. Passionate about building efficient, scalable applications and continuously enhancing problem-solving skills through data structures and algorithms. Seeking an opportunity to contribute technical expertise, learn from experienced professionals, and grow in a dynamic development environment.

Projects

Quiz Application *Java Springboot — PostgreSQL*

Problem: In the digital learning space, educators and content creators often face inefficient tools for managing assessments. Existing platforms can make it difficult to categorize questions by topic or difficulty and create structured quizzes, hindering the learning and evaluation process.

Solution: This application provides a scalable and well-organized system for quiz management. By leveraging a powerful tech stack, it ensures that creating structured quizzes and retrieving categorized questions is simple and efficient.

Cloudkitchen - ecommerce *Java Servlets — MySQL — JSP*

Problem: Overcame the limitations of manual order taking and a restricted local customer base that hindered the bakery's growth.

Solution: Developed a full-stack e-commerce platform with an online product catalog and automated order management to expand market reach and streamline sales operations.

Skills

Languages	Java, Python, JavaScript
Frameworks	React, Spring Boot, Junit 5, Hibernate
Technologies	HTML, CSS, SQL
Tools	GIT, Github, Visual Studio Code, IntelliJ, Eclipse

Education

2023 - 2026	B. Tech, IT at **Pragati Engineering College**, Surampalem	(CGPA: 8.0)
2020 - 2023	Diploma, CME at **Smt.B.Seetha Polytechnic College**, Bhimavaram	(Percentage: 81%)
2019 - 2020	SSC at **Z.P.High School**, D.Kumudhavalli	(Percentage: 84.4%)

Certifications

Programming in Java	By NPTEL
Java Full Stack Developer	By Eduskills

Languages

English, Telugu
